

Weekly Report  
4/2-4/8 Week 13

This week:  
Fixed another old bug.

After talking with Ting, I found I lost a gate which look different than others.

`wptr_full/wbin_reg[0]/QN (DFFARX1)`  
0.940 0.024 0.045 0.045 r

The result after fixed.
